THE RULES FOR THE COMPETITION

5. When arriving at the following location to take part in the competition, players will be directed to the place where they must register. To do so, they must present a valid Québec health insurance card with photo and their parent or legal guardian will be required to sign a declaration and liability waiver form (the "Declaration form").
6. Each player must come with the following hockey gear or he/she will not be allowed to take part in the competition: full sanctioned hockey gear in compliance with requirements set by Hockey Quebec for the Atom level, including but not limited to skates, helmet with wire mask, hockey gloves, full protective gear (shoulder pads, elbow pads, shin guards, mouth guard, etc.), hockey jersey and socks as well as hockey stick(s).

Stage one qualifier

7. All players registered must attend the first stage qualifying sessions to take place at the Bell Centre on October 11, 2025. The first session/pool start at 12:00pm. The schedule of sessions will be communicated by email to each parent/legal guardian who registered a child and will be posted on the contest website and on site. As schedule is subject to change without prior notice, players should arrive at the venue at least thirty (30) minutes before their session is scheduled to start. If a player fails to be present when called on to the ice to take part in the session, he/she will be disqualified without further notice or delay.
8. The total number of forwards and goalies will be divided as equally as possible in different pools so that each goalie faces an equal or similar number of forwards. Each forward will have two attempts to score against each goalie in his/her pool. The shootout format will have the player start from the blue line located in the same zone as the goalie and require that the player make the two attempts successively and will be clocked while doing so from the time he/she touches the puck for the first attempt until he crosses the blue line coming

back after his second attempt. Then a change of goalie will take place and the player will repeat the two attempt sequence against that goalie while also being on the clock during the attempts against that second goalie and so forth until he completes his two attempts against all the goalies in his/her pool. Then each of the other players in the pool will go through the same process against each of the goalies in the pool. The order in which players will be called upon to make their respective two-shot attempts as well as the order in which goalies will be faced with the shootout will be determined at random. The player that scores the most goals out of the players in his/her pool qualifies for the semi-finals. In the event that more than one player in the same pool score the highest number of goals in that pool, then the player that took the least total time to make all of his/her attempts against all of the goalies will be declared the winner for that pool and go on to the semi-finals. As for goalies, the one with the best goals against average (GAA) from each pool will qualify for the semi-finals. In case of a tie among goalies in the same pool, players will be invited one by one to make an attempt to score against each of the goalies that are tied until one of the goalies makes a save while the other(s) do not. These attempts will not count to determine which forwards advances to the next round.

Semi-finals

9. The semi-finals shootout will take place at the Bell Centre on October 11, 2025, following the qualification round. The format will be the same as outlined in Section 8 above. The player that scores the most goals out of the players in his/her pool will qualify to go on to the next round of semi-final shootout along with the other players who won their pool. As for goalies, the one with the best goals against average (GAA) from each pool will go on to the next round of semi-final shootout. Ties will be settled in the same manner as in the in stage one qualifier. At the outset of the semi-finals, the two goalies and two forwards that are selected through the above described process will go on to the finals.

The Finals

10. The finals shootout will take place at the Bell Center in Montreal on October 11, 2025. The shootout format will be as follows: each of the two forwards will have the same number of attempts starting from center ice (start from the blue line located in the same zone as the goalie.) on each of the two goalies. The player who scores the most goals during these attempts wins the Grand Prize. If at the end of the time allocated, both players have the same number of goals, overtime shots will be taken to declare the winner. As for goalies, the one with the best goals against average (GAA) at the end of the time allocated for the shootout will be declared the winner. In case of a tie at the end of the allocated time, the two players will be invited one by one to make an attempt to score against each of the goalies until one of the two goalies makes a save while the other does not. The goalie who comes out a winner also wins the Grand Prize.

GENERAL RULES FOR SHOTS TO COUNT

11. During the competition, players and goalies are free to try a variety of moves as long as they abide by the rules that follow :
 - 11.1 Goal will be denied if scored after the goalie has given a return. As soon as the puck touches the goalie, the player cannot touch it again;

- 11.2 Players cannot stop with the puck or go backwards with it. They must always be moving towards the net;
 - 11.3 Players cannot go behind the net. Once they cross the goal line, it will count as a save made by the goalie;
 - 11.4 Any attempt where the player interferes with the goalie will count as a missed attempt and as a save for the goalie;
 - 11.5 Goals must be scored with the hockey stick only and with no other piece of equipment. Therefore, the player cannot redirect the puck so it goes in the goal using his/her skates, gloves or any other piece of equipment whatsoever. He/she can make a move with the puck touching the skate but the puck must touch his/her hockey stick before crossing the goal line;
 - 11.6 The Goal will automatically be denied if the puck was hit when it was higher than the crossbar;
 - 11.7 Goalies can do anything to make a save except :
 - a) Interfere with the player in any way, notably by making the player fall, slashing the player with the stick or grasping the player in any way;
 - b) Throw any part of equipment to try and make a save;
 - 11.8 If the referee decides that the goalie contravened the above rules, then the player will be automatically credited with a goal.
12. All decisions taken by the referee in regards the above criteria or any other aspect pertaining to the hockey equipment or action taking place on the ice will be final and without appeal and participants as well as their parents and legal guardian agree to abide by these decisions. There will be no replay or review whatsoever.
